**Add 0.1% to each 1C below 20C**  
**Subtract 0.1% to each 1C above 20C**

Wheat scale applicable to hard wheat. For soft wheat, subtract up to 0.7% from reading.

Values agree with other published merchants tables. Found with Marconi meter ref. 11278, June 09.

Temperature correction probably inappropriate to Rape scale.

Produced in association with Chris Cooper of IIS Industrial Instrument Services, Stapleford, Cambridge.
